

IMPRESS 3.0 3PL ROLLER

Proudly Australian Made

The Delmade Impress 3.0 is unique in its operation by the way it mounts on the 3 Point Linkage. The two main benefits of this are the ability to transfer some of the weight off the back wheels onto the roller and the convenience of lifting the cylinder up for transport.

The Impress Roller uses an innovative but simple hydraulic system incorporating twin rams and an accumulator, this allows us to set a downforce pressure that still allows the roller to follow the ground without lifting too much weight off the tractor wheels or skipping over the lower bits of ground.

Another bonus is the ability to mount the unit off the front of some tractors allowing you to mount a second machine on the rear.

FEATURES:

- Simple to use
- Variable pressure
- Easy to attach to the tractor
- Heavy duty RHS frame

PRODUCT CODE	WORKING WIDTH (M)	TRANSPORT WIDTH (M)	CYLINDER DIAMETER (MM)	HP REQUIREMENT	NETT WEIGHT (KG)	BALLAST WEIGHT (KG)
DRO 0600	3.0	3.3	610	95+	1300	900
DRO 0603	3.3	3.6	610	105+	1400	1000
DRO 0606	3.6	3.9	610	115+	1500	1100
