

# SCARIFIER 2000

Proudly Australian Made

The DELMADE 2000 Series Scarifier is an extra Heavy Duty Tillage Implement that is well adapted to both primary and secondary cultivation.

The larger 100x14 tine supported by the 100x12 helper tine provides the ultimate performance to till the land. Tines are mounted at 250mm centres over three rows on a heavy RHS frame. This gives excellent trash clearance and flow. The points range from 60mm to 260mm giving a good range of scarifying options from light ripping to total weed control when required with the 260 sweep point.

The Delmade Scarifier can be supplied with a 9 bar crumbler for controlling clods and leaving a flat even seed bed while achieving a perfectly controlled working depth.

- Available in both 3PL and trailing frame
- Available as rigid or folding
- Virtually maintenance free
  - No breakable coil springs
  - No wearing spring bolts
  - No wearing pivot pins
- Standard with 60mm reversible points

## SPECIFICATIONS & DIMENSIONS (60MM POINT, NO CRUMBLER)

PRODUCT CODE	WORKING WIDTH	NO. OF TINE	HP REQUIRED	FOLDING	WEIGHT (KG) (CRUMBLER ADDITIONAL)	TRANSPORT WIDTH
DCU2007	1.75	7	65	No		1.77
